Training	(Simplified) Voyage Data Recorder virtual classroom assessment
Module(s)	JCY-1800, JCY-1850
Target group	Service Engineers
Location	Online
Duration	4 hours
Price	€200,- per person

DESCRIPTION
This training examines the assessment for the Annual Performance Test of JRC's Voyage Data Recorder JCY-1800 and JCY-1850.

ENTRY REQUIREMENTS
- Company of the service engineer is in the possession of a JRC MFD and GMDSS certificate
- Service engineer has succesfully completed the e-learning module (S)-VDR JCY-1800/1850
- Employer of the service engineer has a signed high seas dealer agreement with JRC/Alphatron Marine in force
- Service engineer must be employed at distributor in Europe, Russia, Africa or Middle East
- Basic knowledge of Windows
- Understanding of industry standards IEC61162-1 and IEC61162-2
- Advanced understanding of maritime navigation equipment, onboard command & control, engine management and alarm systems
- Service engineer is recommended to have at least one year of field experience

APPLICATION
The engineer can apply for this training by registration on the JRC website.

EXERCISE BEFORE START OF THE ASSESSMENT
In preparation for the virtual classroom assessment we ask the service engineer to perform an exercise regarding the VDR APT. We ask the service engineer to send this exercise results back to us at last 2 working days before start of the virtual classroom assessment.

CERTIFICATION
A certificate will be issued when the engineer has completed the e-learning module and virtual classroom assessment both succesfully.
- With this certificate the engineer is allowed to perform the installation, operation, maintenance, APT and commissioning of the JRC (Simplified) Voyage Data Recorder JCY-1800/1850.
- This certificate is valid for 2 years and can be renewed for another 2 years when the engineer meets the requirements of our procedure.
